

Brainstorming & Idea Prioritization Template

<i>Date</i>	04 july 2026
<i>Team ID</i>	xxxxxx
<i>Project Name</i>	Human Development Index(HDI) Predictor
<i>Maximum Marks</i>	3 Marks

Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

<i>S.No</i>	<i>Team Member</i>	<i>Idea / Suggestion</i>	<i>Category</i>	<i>Group No.</i>
1	Chenagana Devika	Predict Human Development Index using Machine Learning	AI&ML	1
2	Dhana Vikhyat Pinnamareddy	Analyze socioeconomic indicators affecting HDI	Data Analysis	1
3	Mounika Devi Jiddu	Compare HDI values of different countries	Data Analysis	2
4	Pujitha Devi	Create interactive charts and graphs for HDI visualization	Data Visualization	2
5	Aditya Subhash	Develop a user-friendly web application for HDI prediction	Data Visualization	3

Brainstorming & Idea Prioritization Template

Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with.

<i>Group No.</i>	<i>Final Idea</i>	<i>Feasibility (High/Medium/Low)</i>	<i>Importance (High/Medium/Low)</i>	<i>Priority</i>	<i>Selected (Yes/No)</i>
1	Predict HDI using Machine Learning	High	High	1	Yes
2	HDI Comparison and Visualization Dashboard	High	High	2	Yes
3	Web-based HDI Predictor	Medium	High	2	Yes
